Educational Program Usability Survey

Teacher_____ School_____ Grade level_____

Number of students_____ Date(s) used_____

1. Did this curriculum fit well into the existing district requirements? Why or why not?

2. Did this curriculum fit well with your existing lesson plans? Why or why not?

3. Did you use all of the curriculum or just parts of it? Which parts?

4. In your experience, what worked best? What should be changed in the future?

5. What parts of the curriculum were most enjoyable for the students?

6. What parts of the curriculum, if any, do you feel resulted in enduring understandings for the students?

7. Will you be including questions from the curriculum on your final exams, if applicable? What questions?

8. Were the materials provided (Sharpshooter kits, magnets, etc.) useful? Did you use any of the teaching aids (videos, PowerPoint presentations, photo cards) and were they helpful?

9. Did you use additional information from the bugspot.org website or the UC Davis, CDFA, or California Farm Bureau websites? What information did you use and how was it helpful in your teaching experience?

Please mail the completed form to Bugspot, c/o Balzac Communications, 1200 Jefferson St., Napa, CA 94559, or fax to (707) 255-1119.
